

Brighten Your Home
with Natural Light

SOLATUBE
Innovation in Daylighting™

Shed Light On the Things You Love Most.

Solatube Daylighting Systems bring the outside in and fill your room with beautiful, natural light. So you can create inspiring spaces where you love to live and work.

Before

After

Turn dark places into bright spaces that will change the way you feel about your home.

Natural Light. Brilliant Technology.

Capture

Raybender® 3000 Technology

A patented daylight-capturing dome lens that:

- Redirects low-angle sunlight for maximum light capture
- Provides consistent daylighting throughout the day
- Rejects overpowering summer midday sunlight

LightTracker™ Reflector

An innovative in-dome reflector that:

- Redirects low-angle winter sunlight for maximum light capture
- Increases light input for greater light output
- Delivers year-round performance

Transfer

Spectralight® Infinity Tubing

Tubing made of the world's most reflective material that:

- Delivers 99.7%* specular reflectivity for maximum sunlight transfer
- Provides the purest color rendition possible so colors are truer, brighter
- Allows for run lengths over 30 feet to deliver sunlight to lower floors

Generate

Integrated Solar Electric Technology

- Photovoltaic panel collects solar energy
- Stored energy powers the NightLight, which automatically turns on at night

Deliver

Decorative Fixtures and Add-Ons

Form and function combine for optimal daylight diffusion with:

- Solatube Decorative Fixtures
- Ventilation, dimmer and nighttime lighting options
- Available in round or square

* Specular reflectance greater than 99% with wavelength specific reflectance up to 99.7% for the visible spectrum

Which Daylight is Right?

Solatube Daylighting Systems introduce a new standard with our ISn product models that integrate our solar-powered smart NightLight. So smart that it provides a 30% tax credit on the entire system and installation.

Metal

Add-ons

Whether you want more control over your lighting or added functionality like ventilation, Solatube provides the accessories you need to get the most from your Daylighting Systems.

Light Add-On Kit

Works with compact fluorescent or incandescent bulbs for nighttime use.

Ventilation Add-On Kit

Combines with the Solatube 160 DS to drive out humidity and minimize ceiling clutter.

Daylight Dimmer

Easily controls the amount of daylight entering a room with the convenience of a switch.

Codes and Approvals

Rest assured that the Solatube Daylighting System can be used in your project without any hassles. Solatube Daylighting Systems have been approved by all major building product approval agencies:

• A440-05 & A440-08 (AAMA/WDMA/CSA) • Florida Building Code/High Velocity Hurricane Zone • Code Compliance Research Report (CCRR) • City of Los Angeles • Texas Department of Insurance • Energy Star®/NFRC • Federal OSHA Fall Protection • California OSHA Fall Protection • UL • TUV

The Solatube Daylighting System 160 DSe and 290 DSe minimize heat loss/gain and are ENERGY STAR® rated.
